

Mr. Calzone:

5-8 Social Studies and 5th Grade Religion

Contact Information: acalzone@ascaalbany.org Room #4

Teaching Philosophy: I believe that a classroom should be a safe, caring community where children are free to speak their minds and develop their own world view. I want students to create their understanding of the world based upon the ideal of respect as a key element. I want students to understand that learning is a life-long process that we all take part in. I will use strategies to ensure our classroom community will flourish; developing students research skills, and problem-solving skills.

Background Info:

Birthday: June 15th

Hometown: Victor, New York
