Three Fun Facts:

1. I have a dog named Max, and a fish named Dog.
2. I spent 6 weeks last summer teaching English in Bolivia. While there, I biked the world's most dangerous road! (Disclaimer: If I said I wasn't terrified, I'd be lying!)
3. I have a little bell that belonged to my Great Grandma. We used to use it when we played school together when I was growing up, and now I keep it in my room here at school!

Teaching Philosophy: I believe that everyone has something to give, and that these gifts and talents have a place in the classroom. I will utilize a variety of student-centered approaches to learning that will allow students to explore different styles and methods for grasping new material. I believe that class should be student-centered, and that students have a lot to learn from one another. I also believe in each and every student, and his/her potential to do great things and make a difference!
