

CITY SCHOOL DISTRICT OF ALBANY (All Saints Catholic Academy)
BUREAU OF HEALTH AND PHYSICAL EDUCATION

Immunizations - Registration Requirements

_____	_____	_____
School	Child's Name	Date of Birth
_____	_____	_____
Date	Parent/Guardian	

New York State Public Health Law, Section 2164 mandates that schools not permit a child to be admitted unless the parent/guardian provides the school with a certificate of immunization or proof from a physician that the child is in the process of receiving the required immunizations.

The required immunizations for school attendance are:

- 3 doses of diphtheria toxoid (usually administered as DPT, DTaP, or DPT/Hib)
- 3 doses of pertussis and tetanus vaccine (usually administered as DPT, DTaP, or DPT/Hib) for students born after January 1, 2005
- 1 booster containing diphtheria, tetanus, and acellular pertussis vaccine (Tdap) for children born on/after January 1, 1994 and entering sixth grade or a comparable special education program with an unassigned grade after September 1, 2007
- 3 doses of oral polio vaccine (OPV) or three doses of enhanced inactivated poliomyelitis vaccine (EIPV or more recently IPV*). **Note: "IPV" administered in the USA after 1988 is presumed to be EIPV.*
- 2 doses of measles vaccine, the first administered no more than 4 days before the first birthday, and the second no less than 28 days after the first
- 1 dose of rubella vaccine administered no more than 4 days before the first birthday
- 1 dose of mumps vaccine administered no more than 4 days before the first birthday
- 3 doses of haemophilus influenzae type b conjugate vaccine if given before 15 months of age or 1 dose if administered on or after 15 months of age for students entering preschool
- 3 doses of Hepatitis B vaccine for all children born after January 1, 1993 (includes Head Start, nursery, daycare)
- 3 doses of Hepatitis B vaccine for students enrolled in grade 7 on or after September 1, 2000. Children 11-15 years old may receive 2 doses of adult Hepatitis B to fulfill this requirement
- 1 dose of Varicella vaccine for children born on or after January 1, 1998 and entering kindergarten
- 1 dose of Varicella vaccine for children born on or after January 1, 2000 before enrollment in any school
- 1 dose of Varicella vaccine for children born on or after January 1, 1994 who enroll/are enrolled in grade six or a comparable special education program with an unassigned grade after September 2005
- 1 dose of Varicella vaccine for students born on or after January 1, 1994, and who transfer from another state or country and enter grade six after January 1, 2005

All of the above immunizations must be documented by your physician or the Health Department where the child received the immunizations, or must be from an official copy of the immunization record from the child's previous school.

A review of your child's record indicates that your child needs the following immunizations:

As soon as your child receives the immunization/s noted, please bring his/her updated record to school to be verified.

By adhering to this policy the District acts within the guidelines of the law to control the outbreak of vaccine preventable communicable diseases and thus assure the health and safety of your child and the entire school population. If you have any questions regarding this matter contact the Principal or School Nurse/Teacher immediately.
