

SUMMER READING

Students entering 6th grade:

Select any *one* novel that interests you from the Summer Reading List (attached) that you have not already read. Take notes as you read, as you will be completing classwork, discussions, and a project based on these novels when you return to class in September. You may use any note-taking strategy you are comfortable with (jotting down thoughts and reflections in a journal, using sticky notes, etc.). In addition to the novel you select, you will also need to read *Holes* by Louis Sachar. This is a popular title, and should be easily found at any local library or bookstore. Books can also be purchased inexpensively on Amazon.com. If you have read this novel, please re-read, taking notes, as you will be completing projects and discussions on this novel when you return to school in September.

Middle School Summer Reading List Grades 5-8

The Purpose of Summer Reading:

We hope that you enjoy the All Saints Catholic Academy's summer reading suggestions for Middle School. Our wish is that students and parents regard this list as a helpful guide for all readers but especially for reluctant readers. Research shows that students who read regularly score higher on vocabulary-related sections of standardized tests.
