

## Suggested Summer Reading List for Students Entering 3rd Grade

To help you select your books, I have made up a reading list for you. You do not need to choose books only from this list. These are just some suggestions to get you started. I challenge you to read at least 3 chapter books and as many picture books as you can. Reading can be independent or shared with another student or adult. The important thing is to continue reading to keep your skills sharp! I have also attached a Reading Challenge to help you get ideas for what and how to read. Check off the items from the list as you accomplish them and then hand it in at the beginning of the school year.
