

MEET THE TEACHER

Mr. Jarrod Harrison

About Me

Hi all, my name is Jarrod Harrison and I will be teaching grades 5-8 Social Studies this school year. This is going to be my eighth year as a teacher and my first year at All Saints. I am a Capital Region native and completed my B.A in History Education at Siena College and my Masters in History at SUNY Albany. When not teaching, I enjoy walking my dog, watching sports, riding my motorcycle, reading, and spending time with family and friends.

My Classroom

I create a warm, welcoming, and inclusive environment where each and every student feels special and valued. My teaching style encourages critical thinking skills and abilities to encourage students to become life long learners and appreciators of History. I look forward to meeting you all and ingratiating myself into the All Saints Community.

Contact Info

Please reach out to me if you have any questions about your child. Here is the best way you can contact me:
